The

Association

PRofitable

Environmental

MAanagement

The Association was founded to guarantee the sustainability and quality beyond the project period of the developing GTZ-project.

The aim of the Association is to promote environmental protection and development aid as well as strengthen the idea of sustainability through Profitable Environmental Management (PREMA®)

The Association's statutes are implemented through the following measures:

- Enhancing the instruments of Profitable Environmental Management (PREMA®)
- Distributing PREMA® instruments especially to institutions involved in development cooperation, environmental policy, research, vocational education and training of instructors, consultants, companies and administration departments
- Providing information to relevant circles of experts and interested development- and environmental public policy institutions (through publications, electronic newsletters, Internet, lectures, seminars)
- Promoting information exchange amongst the users of PREMA® instruments to support their qualification and advanced training

Advantages of being a member of the PREMANet Association

Access to updated working, training, and presentation material (according to licence)

- Active members of PREMANet have access to updated working, training, and presentation material
- This material is published on a password-protected PREMANet website
- Only licensed trainers who are members of the PREMANet Association have access to this updated material
- There is an opportunity to exchange information and experience through an electronic newsletter, the *PREMANet Update*

Active promotion of licensed PREMA® trainers

- An official trainer list is disseminated (through publication on the PREMANet website) to relevant institutions and individuals
- The CVs of licensed trainers are published on the PREMANet website
- Members can use the PREMANet Association to offer their services

How to become an active PREMANet member

Any licensed PREMA® trainer and apprentice trainer in apprenticeship can become an active individual member by:

- signing the membership application form (downloaded from www.premanet.net)
- paying the annual membership fee (€ 100,- for individuals).

Your contribution to the success of PREMANet

In return for the benefits received, PREMANet members have the following obligations. You are asked to:

- Pay a contribution to PREMANet of:
 - 15% (for contracts received through PREMANet channels)
 - 10% (for follow-up contracts)
 - 5% (for independently acquired contracts) of the PREMA®-related contract value
- Send in short reports on training activities carried out and articles for the PREMANet Update
- Regularly update your CV and list of activities carried out on the Association's homepage (www.premanet.net)
- Inform PREMANet about your latest PREMA activities and upcoming events
